

Fresh Coast AI Full SEO Audit Report

freshcoast.ai | March 10, 2026

Executive Summary

Fresh Coast AI's website is in strong SEO health following the recent domain migration from freshcoastai.com to freshcoast.ai, with a well-built technical foundation, excellent on-page optimization, and comprehensive structured data. All 53 live pages have properly configured title tags, meta descriptions, H1 tags, canonical URLs, and Open Graph tags. The site features 32 distinct schema types across 35 pages, far exceeding most small business competitors. The top 3 priorities are: (1) accelerating Google indexation of the new domain, (2) expanding the keyword footprint with targeted content for high-opportunity local and industry terms, and (3) addressing a single broken internal link on the Madison geo page. Overall assessment: **strong foundation with high growth potential.**

Site Health Scorecard

Title Tags	PASS	All 53 live pages have unique, keyword-optimized title tags within 60-char limit
Meta Descriptions	PASS	All live pages have meta descriptions within 150-160 char range
H1 Tags	PASS	Exactly 1 H1 per live page, each includes primary keyword
Canonical URLs	PASS	Self-referencing canonicals on all live pages
Open Graph Tags	PASS	og:title, og:description, og:image, og:url on all live pages
Image Alt Text	PASS	121/121 images have descriptive alt attributes (100% coverage)
Structured Data	PASS	32 schema types across 35 pages (FAQPage, LocalBusiness, Service, HowTo, BlogPosting, etc.)
Robots.txt	PASS	Properly configured with AI crawler allowances (GPTBot, ClaudeBot, PerplexityBot, etc.)
Sitemap.xml	PASS	37 URLs covering all sections; priorities correctly assigned
Internal Linking	PASS	Strong cross-linking; contact.html referenced 215 times across site
Broken Links	WARNING	1 broken link: madison-ai-consulting.html links to industries/healthcare.html (page does not exist)
Google Indexation	WARNING	New domain (freshcoast.ai) not yet appearing in Google site: search; indexation in progress
Mobile Responsive	PASS	Responsive breakpoints at 900px, 768px, 600px, 500px; mobile nav implemented
HTTPS	PASS	SSL certificate active via Netlify; all URLs serve over HTTPS
Page Size	PASS	Homepage 77KB, services 60KB, about 38KB; no oversized pages; no large images detected

Keyword Opportunity Analysis

Based on competitive research, search landscape analysis, and the site's current positioning, here are the highest-value keyword opportunities sorted by estimated impact.

AI consulting Wisconsin	Medium	High	Commercial	Already targeting (geo pages); keep building authority
AI consulting Milwaukee	Medium	High	Commercial	Dedicated geo page exists; add case study content
AI consulting Madison	Medium	High	Commercial	Dedicated geo page exists; add local testimonials
AI consulting Green Bay	Low	High	Commercial	Dedicated geo page exists; low competition locally
AI readiness assessment	Medium	High	Commercial	Assessment tool page exists; build supporting blog content
AI for small business	High	High	Informational	Existing blog content; create pillar page
AI consulting for manufacturers	Low	High	Commercial	Industry page exists; expand with case studies
AI implementation small business	Medium	High	Commercial	Blog posts exist; create comprehensive guide
AI strategy session	Low	High	Transactional	Services page covers this; create dedicated landing page
small business AI automation	Medium	Medium	Informational	Blog content opportunity; how-to guides
AI for staffing agencies	Low	High	Commercial	Industry page exists; very low competition niche
AI for property management	Low	High	Commercial	Industry page exists; pending blog post ready to publish
AI for trades businesses	Low	High	Commercial	Industry page exists; unique niche with almost no competition
AI consulting for nonprofits	Low	Medium	Commercial	Mentioned in FAQ; create dedicated industry page
AI change management	Medium	Medium	Informational	Existing blog post; expand into series
how to start using AI in business	High	Medium	Informational	Blog content exists; optimize for featured snippets
AI workflow automation	Medium	Medium	Informational	Deliverables page covers this; create blog content
AI consultant near me	Low	Medium	Transactional	Geo pages targeting this; ensure Google Business Profile is optimized
Midwest AI consulting	Low	Medium	Commercial	Homepage targets this; create Midwest-focused landing page
AI training for employees	Medium	Medium	Informational	Deliverables page covers workshops; create standalone content

fractional AI officer	Low	Medium	Commercial	Services page mentions this; trending search term
AI ROI small business	Low	Medium	Informational	Blog content opportunity; data-driven article
AI consulting cost	Medium	Medium	Commercial	Transparent pricing is a differentiator; create pricing FAQ page
ChatGPT for business	High	Low	Informational	Blog content opportunity; high competition but brand-adjacent
AI tools for small teams	Medium	Low	Informational	Blog content opportunity; list-style article

On-Page Issues

madison-ai-consulting.html	Broken link to industries/healthcare.html (page does not exist)	Medium	Remove the healthcare industry card link or create the healthcare.html industry page
New domain (site-wide)	freshcoast.ai not yet indexed by Google (site: search returns 0 results)	High	Submit sitemap in Google Search Console; request indexing for key pages; verify domain ownership
seo-audit-march-2026.html	Missing OG tags (has og:title but missing og:description, og:image)	Low	Add complete OG tag set or remove page from public access if internal-only
seo-audit-march-2026-v2.html	Missing OG tags	Low	Add complete OG tag set or noindex if internal-only
privacy.html	No structured data markup	Low	Add basic WebPage schema (optional but improves completeness)
terms.html	No structured data markup	Low	Add basic WebPage schema (optional but improves completeness)
index-backup-pre-mockups.html	Duplicate title tag with index.html	Low	Add noindex meta tag or remove from public deployment (backup file)

Content Gap Analysis

Compared against key Wisconsin competitors (Scalable Solutions, Fox Valley AI, Opinosis Analytics, nvisia), here are the content gaps and opportunities to expand your keyword footprint.

Healthcare AI industry page	Madison geo page links to it; healthcare is a major Dane County industry; competitors cover it	Industry page	High	Moderate
AI case studies / success stories	Competitors showcase results; social proof drives conversions; builds E-E-A-T	Case study pages	High	Substantial
AI consulting pricing guide	Transparent pricing is your differentiator; 'AI consulting cost' is a searched term	Blog post / FAQ	High	Quick win
Nonprofit AI consulting page	Mentioned in FAQs but no dedicated page; Wisconsin has a large nonprofit sector	Industry page	Medium	Moderate
AI ROI calculator / data	Fox Valley AI and Scalable Solutions both cite ROI figures; data content earns links	Blog + interactive tool	Medium	Substantial
AI for Wisconsin manufacturers (expanded)	Scalable Solutions heavily targets this; your industry page could go deeper	Blog series	Medium	Moderate
Comparison / 'vs' content	Competitors don't do this; 'AI consulting vs in-house' captures commercial intent	Blog posts	Medium	Quick win

AI glossary / resource hub	Captures informational traffic; builds topical authority; competitors don't have this	Resource page	Medium	Moderate
Pending blog posts (3 ready)	Property managers, HVAC/trades, and trucking posts are written but not published	Blog posts	High	Quick win
Video content / webinar recaps	No video content found; competitors are starting to use video; YouTube is the #2 search engine	Video + blog	Low	Substantial

Technical SEO Checklist

HTTPS / SSL	Pass	Active SSL via Netlify CDN; all pages served over HTTPS
Robots.txt	Pass	Properly configured; AI crawlers explicitly allowed (GPTBot, ClaudeBot, PerplexityBot, Bingbot, Applebot, cohere-ai, Google-Extended)
XML Sitemap	Pass	37 URLs with correct priorities; referenced in robots.txt
Canonical Tags	Pass	Self-referencing canonicals on all live pages
Mobile Responsive	Pass	Responsive CSS with breakpoints at 900px, 768px, 600px, 500px; hamburger nav on mobile
Page Speed (HTML size)	Pass	Homepage 77KB, services 60KB, about 38KB; lean, fast-loading pages with no oversized assets
Large Images	Pass	No images over 500KB detected; images properly sized
Structured Data	Pass	32 schema types across 35 pages; FAQPage, LocalBusiness, Service, HowTo, BlogPosting, BreadcrumbList, SpeakableSpecification, and more
Broken Internal Links	Warning	1 broken link found: madison-ai-consulting.html references industries/healthcare.html which does not exist
Duplicate Title Tags	Warning	index-backup-pre-mockups.html shares title with index.html (backup file should be noindexed or removed)
Google Indexation	Warning	site:freshcoast.ai returns 0 results; new domain not yet indexed. Previous domain was freshcoastai.com
Scroll Padding	Pass	scroll-padding-top: 90px applied across all 48 pages with fixed nav; anchor links clear the sticky header
404 Page	Pass	Custom 404.html with helpful messaging and navigation links
AI Crawler Access	Pass	Explicitly welcomes major AI engines; positions site for GEO (Generative Engine Optimization)
Open Graph Tags	Pass	Full og:title, og:description, og:image, og:url set on all live pages
Hreflang / i18n	N/A	English-only site; no internationalization needed at this time

Competitor SEO Comparison

Head-to-head comparison against the three most relevant Wisconsin-based AI consulting competitors identified through search research.

Domain Authority Signals	New domain (freshcoast.ai); building authority	Established domain; moderate backlink profile	Newer domain (foxvalley.ai); local presence	Scalable Solutions
Content Depth	53 pages; 11 blog posts; 5 industry pages; 4 geo pages; 6 deliverables pages	~20 pages; blog content; service pages	~15 pages; service-focused	Fresh Coast AI
Structured Data	32 schema types; FAQPage, LocalBusiness, Service, HowTo, BlogPosting, Speakable	LocalBusiness, FAQPage, Service, WebSite schemas	Basic Organization and WebSite schemas	Fresh Coast AI
Geo Targeting	4 dedicated geo pages (Milwaukee, Madison, Green Bay, Wisconsin-wide)	City mentions in copy; no dedicated geo pages	Appleton/Fox Valley focus; single location	Fresh Coast AI
Industry Pages	5 dedicated industry verticals (manufacturing, trades, staffing, professional services, property mgmt)	General SMB focus; some industry mentions	General small business; no industry pages	Fresh Coast AI
Title Tag Optimization	Keyword-rich, location-targeted titles on all pages	Strong keyword + location titles	Brand-focused titles; less keyword-optimized	Tie: FCA / Scalable
Blog / Content Marketing	11 published posts; 3 pending; varied topics	Active blog; AI + project management topics	Minimal blog presence	Fresh Coast AI
AI Crawler Access	Explicitly allows GPTBot, ClaudeBot, PerplexityBot, etc.	Standard robots.txt	Standard WordPress robots.txt	Fresh Coast AI
Pricing Transparency	Clear \$1,000 Strategy Session pricing; range on services page	Some pricing signals	No public pricing	Fresh Coast AI
Publishing Frequency	Moderate; focused on quality	Regular; AI + PM content mix	Infrequent	Scalable Solutions

Summary: Fresh Coast AI leads in content depth, structured data, geo targeting, industry specialization, and AI crawler optimization. Scalable Solutions has the domain authority advantage as an established domain. Fox Valley AI is a local competitor in the Appleton/Fox Valley area but has significantly less SEO sophistication. The primary competitive gap is domain authority and indexation, which will improve naturally as the new domain ages.

Prioritized Action Plan

Quick Wins (Do This Week)

#	Action	Impact	Effort
1	Submit freshcoast.ai sitemap to Google Search Console and request indexing for top 10 priority pages	High	30 min
2	Fix broken link on madison-ai-consulting.html (remove or create industries/healthcare.html)	Medium	15 min
3	Publish the 3 pending blog posts (property managers, HVAC/trades, trucking) that are already written	High	1 hour
4	Add noindex tag to index-backup-pre-mockups.html to prevent duplicate title issue	Low	5 min
5	Add noindex tags to seo-audit-march-2026.html and v2 (internal pages)	Low	5 min
6	Set up Google Business Profile for freshcoast.ai (critical for local SEO and 'near me' searches)	High	1 hour
7	Submit domain change notification in Google Search Console (freshcoastai.com to freshcoast.ai)	High	30 min

Strategic Investments (Plan This Quarter)

1	Create a healthcare AI industry page (already linked from Madison geo page; healthcare is a major Wisconsin industry)	High	Half day
2	Build 2-3 case study pages with real client results and outcomes (strongest E-E-A-T signal for service businesses)	High	Multi-day
3	Create an AI consulting pricing/cost FAQ blog post targeting 'AI consulting cost' and 'how much does AI consulting cost'	High	2-3 hours
4	Create a nonprofit AI consulting industry page (large Wisconsin nonprofit sector; zero competition for this keyword)	Medium	Half day
5	Develop a pillar page for 'AI for Small Business' linking to all related blog posts, industry pages, and resources	High	1 day
6	Write comparison content: 'AI Consulting vs In-House AI' and 'Fractional AI Officer vs Full-Time Hire'	Medium	Half day
7	Build an AI glossary / resource hub page to capture informational search traffic and build topical authority	Medium	1 day
8	Create a Midwest-focused landing page beyond Wisconsin (Illinois, Minnesota, Michigan, Iowa, Indiana mentioned in schema)	Medium	Half day
9	Develop a link-building strategy: guest posts on Wisconsin business publications, Chamber of Commerce listings, industry directories	High	Ongoing

10	Monitor Google Search Console weekly for indexation progress; resubmit any pages that aren't getting indexed	High	15 min/week
----	--	------	-------------

This audit was conducted on March 10, 2026 against the live freshcoast.ai domain. Keyword difficulty estimates are based on competitive landscape analysis and should be validated with tools like Ahrefs or Semrush for precise volume and difficulty scores.
